

alum sideboard

nut+grat | Industrie West, Post Box, CH-3930 Visp, Switzerland | P +41 (0)27 948 00 22, F +41 (0)27 948 00 21 | info@nutundgrat.ch, www.nutundgrat.ch

The **alum** sideboard is manufactured using the same production process as the **alum** coffee table. The radiuses of the exterior contours of the sideboard measure 25 mm. The main body of the sideboard is divided into three equal-width compartments which are available with pull-out drawers. These provide convenient storage space for a variety of different items. The clean lines of the **alum** sideboard can be optionally enhanced by means of a prominent grip or a simple wave-like, recessed grip on the front of the drawers.

Material: 19 mm aluminium composite board with MDF core imbued with black

Surface: anodised and semi-matt finish

Design and construction: nut+grat, 2004
