

Portrait precis

As a technical term **nut+grat** refers to a traditional method of carpentry consisting of the groove and burr. As manufacturer **nut+grat** stands for timeless furniture for the living, working and object area with a personal character and highest requirements regarding quality. **nut+grat** likewise combines sophisticated handicraft, perfect workmanship, exquisite and valuable materials, elaborate functions and consistent aesthetics in its furniture collection.

Furthermore **nut+grat** symbolises the cooperation between the brothers Beat und Adrian Schnidrig. This cooperation strives for an intensive analysis of engineering knowledge and architecture, technique and design, which serves as a breeding ground for innovative ideas and sophisticated furniture of the manufacturer. The furniture of **nut+grat** conveys a clear attitude: Design as a symbiosis between function and form by means of established handicraft and most modern technique is very impressing. The high-quality materials of the **nut+grat** furniture collection come from the region.

Milestones

- February 2008 **nut+grat** becomes an independent legal entity: **nut+grat Ltd. Company**.
Spring 2005 The vision is assuming a shape: **nut+grat** starts with its own collection.
Summer 2000 During the conversion of an old house in the small village «Grund» located in the Gantertal (Valais) the idea and vision of **nut+grat** were born.
